MEET THE COACHES

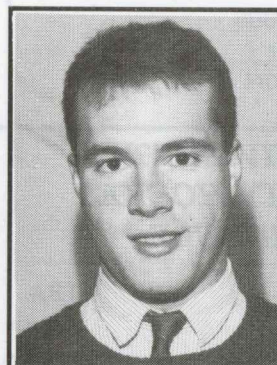

YVES BEAUCAGE Head Coach

When Yves Beaucage joined the Concordia coaching staff in 1988 as assistant coach and Director of Player Recruitment, it marked the beginning of a long term commitment by both Yves and Concordia. When Paul Arsenault stepped down last summer after 26 years, sixteen league titles and 597 wins, Athletic Director Bob Philip felt it was time for Yves to become Concordia's second head hockey coach.

Beaucage is considered of the top young coaches on the university hockey scene. He began his coaching career with the McGill hockey program in 1985 and served three years as a full-time assistant.

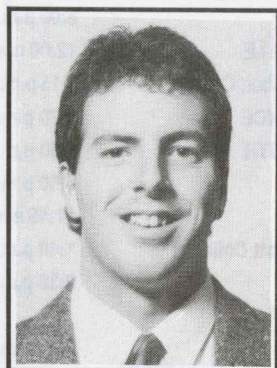

Before joining the coaching ranks, Beaucage was a star forward in the early '80's. He holds several team records and was the team captain during the 1983-84 season. Following graduation, he played professional hockey in France for one year.

DAVID BOUCHER Assistant Coach

Dave's selection as assistant coach reunites him with his former mentor, Yves Beaucage. Yves was the assistant coach at McGill where Dave played university hockey for three years.

Dave's previous coaching experience includes stints as head coach of the Collegial "A" Brébeuf and the Bantam Brébeuf teams. He is a physical education teacher.

BLAKE HAMBLETON Assistant Coach

Blake is a former Stinger player who joins the team's coaching ranks this year. He played two seasons for Concordia before he was forced to the sidelines with a knee injury. He was named the team's Rookie of the Year in 1988.

A native of Alexandria, Blake's playing experience also included stints with the Hawkesbury Hawks and the Smiths Falls Bears. He was drafted by the Ottawa 67's but decided to combine hockey with his university studies.

MEET THE COACHES

LES LAWTON

Head Coach

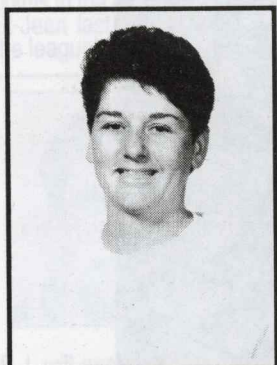

Les Lawton came to the Stingers as an assistant coach in 1982. His knowledge of the game and his dedication to the team made him a logical choice for the position of head coach when it became available the following season. Since that time, he has been the driving force behind one of the most successful and respected hockey programs in North America.

As the last decade came to a close, his record stood at an impressive 141 wins, 75 losses and 21 ties. During one stretch, he led the Stingers to a remarkable string of 25 straight league victories. His 100th career win came against the Rochester Institute of Technology on January 1, 1989 and he captured his third provincial Championship at the end of the 1989-90 season.

Lawton, a Montreal native, coached the N.D.G. Maroons and Loyola High School before joining the Stinger program. He continues to make Montreal his home with his wife Paddy, their daughter Mallory and son Matthew.

JULIE HEALY

Assistant Coach

Julie first came to the Stinger program as a player in 1978. A versatile performer, she began her distinguished five-year career as a forward before switching to defence. As a rookie she was the team's leading scorer, its MVP and the school's "Freshman Athlete of the Year". In 1985, Julie received a prestigious honour. Along with nine others, she was selected to Concordia's "All-Decade" women's hockey team.

While a student at Concordia, Julie also played three seasons with the women's field hockey team, winning the Most Valuable Player award on two occasions.

The beginning of the 1985-86 season marked Healy's return to Stinger hockey. In her capacity as Assistant Coach, she continues to approach the game with the same enthusiasm and discipline that made her such a formidable player. In addition to her coaching responsibilities, Julie also serves as the Athletic Department's Facilities Coordinator.

SUE PROSSER

General Manager/Assistant Coach

Sue joins the Concordia staff after an illustrious four year career with the Stingers.

The four year veteran played both forward and goaltender and was twice named the teams' Most Improved Player (1987, 1989). Last year she led Concordia to its second consecutive league title and received the prestigious Denise Beaudet Award given to the player who best combines leadership, scholarship and commitment to excellence.

A multi-talented person, Sue is lead singer in the popular Montreal rock band, Similar Features and plans to pursue a career in music. She graduated from Concordia's Recreation and Leisure programme and is presently completing graduate studies in Sports Administration.

COREY CUP BRINGS OLD AND NEW **TO THE FORUM FEBRUARY 8!**

Since its inception in 1987, the Corey Cup has provided Montreal hockey fans with a special look at the past and future of professional hockey. The 4th edition of this entertainment extravaganza, to be held on Feb. 8, should be no different.

The past will be rich indeed as the Canadian Old-Timers square off against the N.H.L. All-Stars. Legendary names such as Hall of Famers Gordie Howe, Henri Richard, Ted Lindsay, Paul Henderson, Norm Ulmann, and Bill Gadsby will grace the Forum ice one more time, conjuring up fond memories for the spectators.

The Old-Timers game, with a 8 pm start, will be preceded by a Concordia-UQTR match-up at 5 pm. Rookie head coach Yves Beaucage has a talented, but young team that will be going against one of the top Canadian teams - les Patriotes. Trois-Rivières was a semi-Finalist at the Canadian Interuniversity Athletic Union Championships last season and are the top-ranked team in the country.

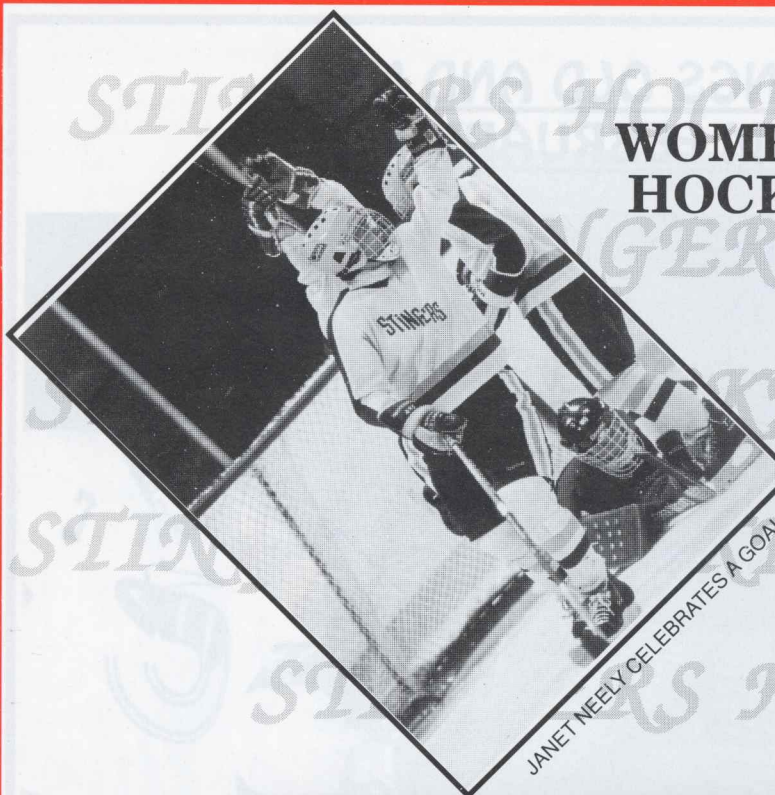

The Stingers captured their first Corey Cup title last year with a 5-2 victory over their cross-town rivals, the McGill Redmen before 5,000 enthusiastic fans.

DENISE BEAUDET AWARD

A LIVING TESTIMONY

Denise Beaudet finished shaking hands with every single player on her team and then started out on her 35 mile drive home to Dorion. Tragically, it would be the last time she would ever see her teammates. While travelling home on Highway 2-20, a car heading in the wrong direction near the Sources Rd. exit collided with her car. Denise died instantly. Thankfully, passenger and teammate, Michelle Lefebvre survived.

Les Lawton who was the women's hockey coach at the time of the accident in 1985 and continues in that capacity today, remembers that the team was unable to recover that season. "It was a very emotional time. Denise was an extremely popular player and many of her closest friends were on the team. Everyone found it difficult to accept. The toughest thing was to walk into the dressing room before the game and see Denise's stall empty."

Denise, a gifted athlete, was making a smooth transition from ringette to hockey at the time of her death. She was also the team's captain, a rare honour for a player in only her second year.

Commitment, leadership, unselfishness and personality are terms that flow from Lawton when he describes Denise as a player and as a person.

"She was a truly dedicated athlete with a great attitude. She lived 35 miles from the rink, we practiced three times a week at 7:30 in the morning, and she never missed a practice. What more can you ask?"

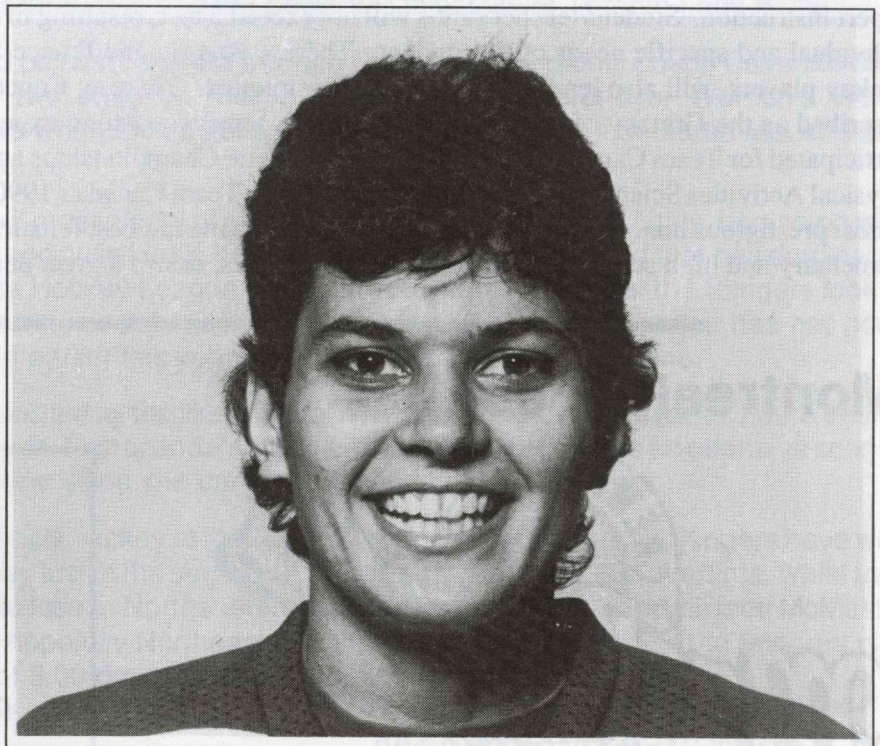

The qualities that Denise displayed as an athlete, student and person are now embodied in the **DENISE BEAUDET AWARD**, a trophy presented annually by Concordia's Department of Fitness, Recreation and Athletics to the graduating female athlete who demonstrates leadership, scholarship and a commitment to excellence throughout her Concordia career.

Kathy McDonald, the Department's Associate Director feels that it is the most significant trophy handed out by the Department, "Denise was a remarkable person who personified all that is good in athletics. She was a constant leader, motivator, role model and friend to her teammates. She pursued one standard, and one standard only, excellence. It takes a very special athlete to win this award."

Sue Prosser, the General Manager of the women's hockey team and a former goaltender on the team was extremely proud to have been chosen for the award in 1989/90. "I never knew Denise, but I am aware of what she gave to the programme when she played. It's very touching that others feel that my contribution to the team was worthy of a trophy bearing her name."

On the morning of Friday, November 29th, 1985, family, friends and teammates and others who had been touched by Denise, gathered to pay final respect to this special person. Lisa Morgan, a teammate and future recipient of the **DENISE BEAUDET AWARD** gave the eulogy that day and closed with these words, "Denise, although your song is over, your melody will linger forever in our hearts and minds."

In keeping with this spirit, the **DENISE BEAUDET AWARD** is given annually to remember the way Denise lived not the way she died.

STINGER HOCKEY SCHOOL

The tremendous success of the 1990 women's hockey World Championship held in Ottawa and won by the Canadian National Team stands as a testament to the popularity and quality of the women's game around the world. To help stimulate this interest, Concordia has started the Stinger Hockey School.

The camp is designed for girls between the ages of 11 and 18 and provides a total learning experience. Individual skill development and the values of a total team concept are stressed in each 1 1/2 hour session. Three separate terms are offered. The final ice time of each camp will be followed by a seminar discussing the opportunities for women in sport. All sessions take place at the Loyola Arena, 7200 Sherbrooke St. W.

Session 1: Nov. 21 to Dec. 19 (5 weeks)

Session 2: Jan. 16 to Feb. 13 (5 weeks)

Session 3: Feb. 20 to March 20 (5 weeks)

Past and present members of Concordia's very successful women's hockey programme will be on hand to provide expert instruction. Student/teacher ratios will not exceed 5 to 1, resulting in a teaching environment that caters to the individual and specific needs of the student. Thérèse Brisson and France St-Louis, two of Canada's finest female hockey players, will also lend support as guest instructors. Thérèse, Concordia's all-time leading scorer and often described as the Gretzky of women's hockey, has extensive teaching experience in ringette and hockey. Thérèse participated for Team Canada at the 1990 World Ringette Championships and is currently working toward a Ph. D in Physical Activities Science. France, played a key role in Team Canada's 1990 World Championship title and received a most prestigious honour in 1980 when she was voted Canada's best female hockey player of the 1970's. France, an elementary and high school teacher for the past ten years, brings a great deal of expertise to the ice.

THE THERESA HUMES INVITATIONAL TOURNAMENT

Women's hockey finally received some national recognition when Ottawa hosted the first-ever World Championships last March. **Pink Power** became the buzz word as Team Canada marched through the preliminary round undefeated en route to an eventual showdown between the United States and Canada before 9,000 partisan fans at the Ottawa Civic Centre. The Canadians showed their superiority, registering a 5-2 victory in the nationally televised contest.

The tournament opened the eyes of many hockey fans who did not realise the high calibre that the women skaters possess. Eleven months later and 120 miles down the road, Concordia will showcase university hockey at its best as they host the Theresa Humes Invitational Tournament.

Over the years it has become North America's premier university hockey tournament for women. This year Concordia will host three powerful NCAA division 1 teams, the University of New Hampshire Wildcats, Providence College Lady Friars and Northeastern University as well as the York Yeowomen, Queen's Golden Gaels, McMaster Marauders and the powerful University of Toronto Lady Blues.

An interesting match-up would pit Northeastern's coach Don McLeod against coach Dave McMaster and the Toronto Blues. The two coaches met in the finals of the first-ever Women's World Championships last spring in Ottawa when McMaster's Canadian National Team defeated McLeod and the USA squad to win the world title.

However, UNH and Toronto will meet plenty of opposition before reaching the finals, beginning with the Stingers. Coaches Les Lawton and Julie Healy have built a Quebec powerhouse that has dominated the Quebec Women's Intercollegiate Hockey League the last three years. This year the Stingers look to be as strong as ever and are presently undefeated in league play. Their performance has not gone unnoticed as the team was featured earlier this year on Dick Irvin's "Hockey Magazine."

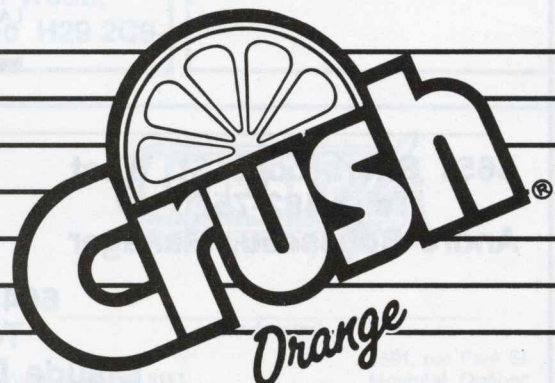

The Stingers are a veteran squad led by the likes of goalie Marie-Claude Roy, forwards Laura Leslie, Stéphanie Ouelette and Debbie Woods-Turner and Patty Arnold on defense. Leslie is an offensive scoring machine, averaging 2.4 points a game since she came to Concordia two years ago.

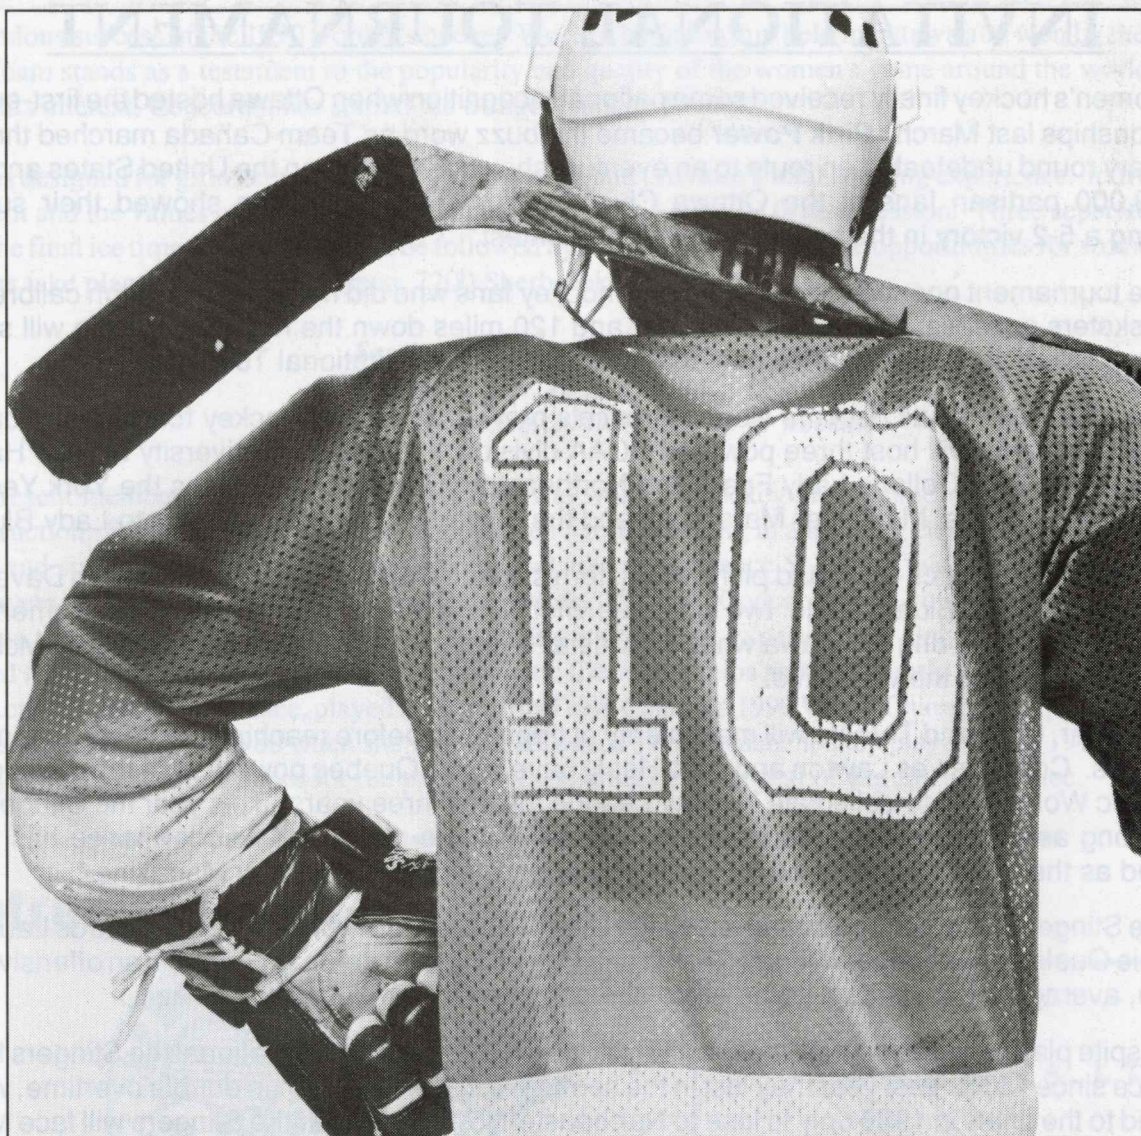

Despite playing some of their finest hockey at the Theresa Humes Invitational the Stingers have won it just once since 1975. Last year they lost in the semi-final to Northeastern in double overtime, while they advanced to the finals in 1988 only to lose to Northeastern 5-4. This year the Stingers will face McMaster in the first round of the tourney and hopefully Northeastern in the second round. And if the Stingers play up to form they should be playing at 3:00 pm on Sunday gunning for their second title.
